

## **The Ever Present Now**

Yesterday and tomorrow,  
Are gone and yet to come,  
*Now*, at this very moment,  
In Mind, God issues from.

It's in the Holy Instant,  
When joined, with Source, in Mind,  
Life unfolds anew, dear,  
Reality, you'll find.

Here, in Mind, God reigneth,  
His love, pours forth on you,  
Cleansing and redeeming,  
With love, you're made brand new!

Your ever present 'nowness,'  
Means you always have a choice,  
To live joined or separate,  
Choose only for God's Voice.

I'll help you find the way, dear,  
To clear your false belief,  
Defenses you've created,  
From fear, you'll feel, relief.

You see, I'm ever present,  
Your constant Friend and Guide,  
Never will I leave you,  
Forever, I'll abide.

I'm not into games, dear,  
Not into peek-a-boo,  
My Presence intertwined, dear,  
Always, I'm with you.

So at this very moment,  
Find peace and ask for Me,  
Now's the time for truth, dear,  
Here's your reality.

I ask you, no, implore you,  
There is an urgency,  
Your choice will help heal others,  
God's greater family!

In closing, this *now* moment,  
Put other things aside,  
Join, in peace, with Me, *dear*,  
In love, with Me, abide.
