

Go Deep into the Silence

Go deep into the silence,
Where there can be no wrong,
Open to Transcendancy,
You're home, where you belong.

Peace must first be chosen,
Cacophony will disappear,
And when you are in silence,
Ask that I join you, dear.

Now that we're together,
Let's take a little time,
To just relish in our union,
Relationship sublime.

I know you want some guidance,
On what's perplexing you,
The answers will be given,
I'll tell you what is true.

Love will light the way, dear,
Will make the darkness light,
Now clear, the problem's answer,
Is readily in sight.

You'll marvel at how easily,
The complex was made plain,
The burden that you carried,
Is gone, and gone's the pain.

Most of all our Oneness,
It is what comforts you,
My love, like healing water,
Washes clean, makes all things new.

So at this very moment,
Let silence now be found,
Join with Me in love, dear,
As One, in joy, we're bound.
