

It Takes A Leap of Faith

When guidance seems at odds, dear,
With what makes common sense,
When what I say seems risky,
And you feel uptight; tense,

It's time to join and ask Me,
Why this way to go?
Lord, I need more input,
Need clarity to know,

Why this course of action?
Will I have to pay the price?
I do have faith and trust, Lord,
Will faith and trust, suffice?

I fear that I'll be left with,
A choice that might be wrong,
Then picking up the pieces,
I'll sing a sorry song.

Yet I know from past experience,
That following what you say,
Truly was the wisest choice,
Turned out the perfect way!

*Remember, dear, I'm looking,
From the Infinite View,
I see who all's affected,
It's truly not just you.*

*The guidance that I give you,
Fulfills your mission's call,
It's where you'll find fulfillment,
God's gift in helping All.*

It takes a leap of faith, Lord,
I'm ready to jump high,
The light of love will leadeth,
Together we will fly,

Across the pit of fear, lord,
Beyond the skeptics hills,
Over the sea of doubt, Lord,
We'll land right where God wills.

I see your open arms, Lord,
I leap in faith to You,
Wherever, Lord, You lead me.
I know 'twill be what's true.

In closing, Lord, I'm thankful,
For your Presence so well known,
We're bound in love forever,
With You, I'm not alone!
