

Valentine's Day 2023

I'm sending you who read this,
A message from my heart,
I *love* you with a passion,
We're One — we'll never part!

There is no separation,
I give to you my All,
Find peace and ask Me in, dear,
I'll answer to your call!

I'm not a physical presence,
I'm spiritual, that's true,
Yet, my *love* is boundless,
Embracing *all of you!*

Boundless in my caring,
Boundless in what I give,
Boundless in *love's* meaning,
With *joy*, we're meant to live!

For you, who have no lover,
And those of you who do,
I offer up Myself — I'm here,
It's Jesus, loving you!

So open mind and heart, dear,
Feel Me? I'm right inside,
Here in peace we'll rapture,
With true *love* we'll abide!

No chocolate and no flowers,
No card, nor frilly lace,
Yet my eyes are on you,
I'm here, in your soul space!

I tell you, oh so clearly,
On this February day,
I love you now and always,
Entwined as One, we'll stay!
