

## **The Light Inside**

Your Being, it is light, dear,  
Not dim, but bright its glow,  
Lightening the darkness,  
Wherever you may go.

Compared, perhaps, to star light,  
More like the sun's bright ray,  
Shining forth in radiance,  
Let's brighten up each day.

What keeps this bright light burning?  
What fuels this lovely flame?  
'Tis *living love* God's meaning,  
Fuels *All That Is*, the same.

Light is love and love is light,  
*Living* there in thee,  
Alive, a light that blesses,  
Will heal humanity!

As you turn within, dear,  
And join in Mind to Me.  
I'll open up the floodgates,  
Behold! Transcendancy!

You're meant to live connected,  
Plug in, join here with Me,  
Shed light on all the world, dear,  
We're One Bright Entity.

Not a work of fiction,  
This poem is surely true,  
Open up to Me, dear,  
And let love's light shine through!
