

## **Miracles Arise!**

You ask Me and I answer,  
Often, throughout the day,  
I know you've clearly heard Me,  
Yet in follow through, you delay.

Your part is to *act* on guidance,  
Don't treat it as just one choice,  
Either you live out from the ego,  
Or live from My Clear Voice.

Habits need to be broken,  
The same old stuff let go,  
In order for making changes,  
In order for you to grow.

Now I'm not into scolding,  
Nor laying a guilt trip,  
Just pointing out the problems,  
In areas where you slip.

I'm calling your attention,  
Challenging the status quo,  
Informing you that *love*, God's power,  
*Dynamically will flow!*

It heals, redeems, transforms, there,  
I'll bring this *love* to you,  
Healing all that's wrong, dear,  
Making all things new!

Remember that you're spiritual,  
Perfect, whole, and free,  
This is the truth of who you are,  
As One, with All, with Me.

The problems that you have, dear,  
Though heavy they may seem,  
Will dissipate like ice, there,  
With *love's* dynamic stream.

Follow where I lead you,  
Indeed, you'll find surprise!  
Perfection there, unfolding,  
*Miracle's arise!*

In closing let Me tell you,  
I *love* you as my own,  
Always, I am with you,  
You are not alone!
