

Healing Love Within

Open to My *love*, dear,
Let healing powers come through,
Repairing and renewing,
Restoring health to you.

Let go of separation,
The careless use of mind,
Turn intention inward,
In peace, it's Me you'll find.

You'll *know* just what is needed,
Find peace, let thinking go,
Open to our relationship,
Listen, so you will *know*.

Know that *love*, God's meaning,
Functions there, *within*,
Constantly renewing,
Erasing ego's spin.

Your body's aches and pains, dear,
Like ice, will melt away,
Joy will fill your being,
You'll relish life each day!

Your wellness will be felt, dear,
Radiant you will be,
Life with Me worth living,
We'll share its ecstasy!

You'll wonder in amazement,
How right, how well you feel,
Not just your imagination,
You'll know your healing's real!

Largely undiscovered,
That right *within* each mind,
We have a *love* that healeth,
God's gift, right there, you'll find.

There is no magic formula,
No code, no trick, no key,
Just join and ask Me in, dear,
Love pours forth, healing thee.

In closing, let Me tell you,
I *love* you as My Own,
I am with you always,
You are not alone!
