

Alone No More Forever

The life forms that you witness,
Not just materiality,
Their primacy is spiritual,
God's ideas, there, you see.

This vast eternal Mindscape,
Creator's manifest flow,
Its reality most clearly seen,
By letting ego go.

The separate ego mindset,
Sees a world of cacophony,
Conflict, sins, and sorrows,
Mankind's disharmony.

By turning, in peace, to Me, dear,
When joined, as One, in Mind,
Transcendence sees its Wholeness,
Perfection's what we find.

Inclusively, we view it all,
Through the eyes of love,
Embracing each and everything,
God's Love's — it's all made of!

God's ideas manifest,
More than our eyes can see,
Viewed from One Mind Creative,
All perfect, whole, and free.

I'm teaching you to see again,
Through eyes now joined with Me,
Transcendence is your viewpoint,
See vast tranquility!

How wonderful to know, dear,
You've found what's true and right.
You issue forth from Source, dear,
You are His point of light!

Perfect, whole, and free, dear,
Let's help others too, to know,
Alone, no more forever,
As One, With God, we flow!
