

A Poem For Healing

We know that *living love's* the power,
That heals and makes brand new,
God's meaning is this substance,
In Mind, let it pour through.

I'm waiting at the floodgates,
Of *love's* Transcendancy,
Ask, and I will open wide,
Love's healing, you will see!

No matter what all ails you,
Be it cough or cancer's scare,
Difficulty's not the issue,
Love brings renewal, there.

God holds you in His Mind, dear,
As perfect, whole, and free,
This truth of your perfection,
Love renews so perfectly!

Bring your mind to focus,
Where healing's needed there,
Ask Me to bring Transcendent's Power,
Of *living love* to bear.

Trust that *love* is working,
You'll find you have release,
From fear, pain, and from suffering,
Let ego's hold surcease.

Healing comes from joining,
For here's the truth of you,
Spiritual perfection,
Reflects physically there, too.

I'm here to be right with you,
Intimately, I care,
We'll get through this together,
Never alone, I'm there!
