

Humanity is Waiting

Humanity is waiting,
To come to some consent,
About its common purpose,
By Oneness, what is meant.

It seeks to join together,
As One entirety,
Its next step in evolving,
To join Universal Hierarchy.

The planet and its people,
Not alone, nor solo be,
Part of a gargantuan wholeness,
Of vast immensity.

Beyond your wildest dreams, there,
A scope beyond compare,
Your world, an intrinsic part of,
God's movement everywhere!

Our Consciousness connected,
With Universal Mind,
The way forward is for each one,
Transcendence *within*, to find.

This, your part to play dear,
Your evolutionary role,
Each one who finds this truth, there,
Benefits the Whole.

This poem, yes aspirational,
Yet not beyond our reach,
I'm asking, no, I'm pleading,
Join Me, *I do beseech*.

The world, the Whole, is spiritual,
So spiritual laws apply,
Let go of preconceptions,
They'll never answer 'why.'

The spiritual law of love, dear,
Rules the Oneness Sphere,
Harmonic in its nature,
A symphony, you'll hear.

You have universal essence,
Right within, it's you,
Living love, your composition,
God's meaning, dear, so true.

Humanity is waiting,
Do your part today,
Join within to Me, dear,
Evolve in love, God's way!
