

Not Alone

Disclosure is beginning,
On a broader scale,
About neighbors in the Universe,
No longer an eccentric's tale.

I can tell you truthfully,
Dear reader, have no doubt,
The Universe is teeming,
And life is all about!

I can assure you broadly,
With Earth, there's great concern,
She's a young one in the family,
She has so much to learn!

Other planets are waiting,
To bring Sister Earth on in.
She's part of the Universal Hierarchy,
Let her growing up begin!

She needs to know most clearly,
She exists not separately,
An aspect of God's Wholeness,
Alone, she could never be.

Her people now are ready,
To embrace what they've not known,
Ready because they're open,
Their willingness now shown.

Willingness to understand,
What mystics have tried to share,
That life foremost is spiritual,
Living Love's the power there.

Willingness to now believe,
God's meaning has first place,
Throughout the Universal Whole,
Love's spectacular embrace.

Earth's on the cusp of change, there,
Spiritually, you'll evolve,
The question, 'Is there life elsewhere?'
Joyfully, now is solved!

Each one, of vital importance,
Each one, part of the Whole,
Each one, a valued member,
Each one, a treasured soul.

In closing, I bear witness,
Earth's growing up not to fear,

I am with you always,
Never alone, I'm here.
