

Authentic Mind

When joined with inner guidance,
Somehow you seem to know,
What's needed in that moment,
And life just seems to flow.

Spontaneous divine input,
Just comes into your mind,
You'll marvel at the outcome,
Perfection's what you'll find.

You'll come to understand, dear,
That living joined with Me,
Is mind's authentic use there,
How it's meant to be.

You're One with your Creator,
You've not been left alone,
Love lights our forward movement,
Perfection now is known.

Not just upon occasion,
But *always* we are One,
A constant forward movement,
Divine purpose now is done.

Living love will lead us,
Blessing with its light,
Bringing transformation,
Restoring blinded sight.

Dismissing ego's foothold,
Separation's fear release,
Filling mind with joy there,
Together in great peace.

So live with Me forever,
I'm at Transcendence door,
We'll open to our Maker,
Now and evermore.
