

## **Healed and Whole Forever**

Healing really happens,  
When opening up to *love*,  
It brings about renewal,  
It's what we're all made of.

*Love*, it is God's meaning,  
'Tis living energy,  
Fills the whole creation,  
Renewing constantly.

It yields when opened up to,  
It flows when trust is there,  
When joined with your Transcendence,  
It functions to repair.

It brings you back to Wholeness,  
To whom you really are,  
Then fills your heart with joy there,  
God's Own, His radiant star.

*Love* brings My Presence to you,  
*Love* cures all your ills,  
Better than any doctor,  
It far surpasses pills.

Injury may happen,  
Illness may come, too,  
Perhaps your mental health's gone bad,  
*Love* sets that right in you.

These are not empty promises,  
I tell you they are real,  
I am the Great Physician,  
*And love truly will heal.*

Ask that I be with you,  
And *love will* light our way,  
Healed and whole forever,  
We're One, with God, this day.
