

Christmas 2023

Turn Within To Me

**This poem comes with intention,
It's purpose-driven there,
Has a gift to give you,
Glad tidings it will share.**

**My purpose is to love you,
To let you know I'm here,
Right *within* your peaceful mind,
My guidance will be clear.**

**I want to wake you to the truth,
Of whom you really are,
Not just another human being,
*You are God's Shining Star.***

**A point of love and light, each one,
Where what God wills comes through,
Bringing meaning to the world,
Transforming old to new!**

**I lived in human form there,
First babe, then boy, I grew,
Into a man with mission,
To tell the world what's true.**

**To tell the world it issues forth,
From God who loves each one,
Considers all as family,
Each daughter and each son.**

**To tell the world God moves as One,
Connected All are we,
One Movement filled with Living Love,
We live eternally!**

**So at this time of Christmas,
I give this gift to you,
My love and guidance right within,
Your friend, forever true!**

Given From Jesus. Christmas Blessings to All.
