

The Recipe of Love

Let us mix together,
The recipe of *love*,
Then open to its goodness,
For All to partake of.

We speak here of what's *living*,
Not just a feeling felt,
It is God's very meaning,
This *love*, in All, indwells.

The mix includes a joining,
With Spirit Mind, our Source,
For *love* to flow on through us,
Freely, without force.

This *love* it has a purpose,
It's transformation's song,
It heals, redeems, renews, there,
'Righting' all that's wrong.

A recipe of rightness,
Love's energy renews,
Erasing ego's falsity,
God's truth, in you, ensues.

This *love* it is a power,
Yet gently, it comes through,
Can move a mighty mountain,
Or paint a violet blue.

Your heart and mind, the vessels,
Where *love* from God pours through,
It's purity and goodness,
Brings joy to Me and you.

I'm here to clear the path, dear,
Love's light will show the way,
We'll follow where it leads us,
God's will, for us, each day.

This recipe of *love*, dear,
'Tis who you really are,
God' meaning is your own, dear,
You are His Shining Star.

In closing, let Me tell you,
My *love* you've truly known,
I am with you always,
You are not alone.
