

### **In Need of Reassurance**

If conviction seems to wane there,  
If doubt is overhead,  
If fear is raising its alarm,  
And the future brings you dread,

At the first sign of complacency,  
When motivation's gone,  
When ego calls, Hey, here's a plan,  
I'll fix the stuff that wrong.

Its pretense says it's you there,  
Makes up a convincing bluff,  
Wily in its willful ways,  
Don't swallow ego's stuff!

It's time to turn to Me, dear,  
To quiet ego's slur,  
Find your peace and ask Me in,  
I'm here to reassure.

Reassure you that you're loved, dear,  
That I am here each day,  
My Voice for Truth will lead you,  
Love's light will guide our way.

Reassure you to go forward,  
Have faith and trust in Me,  
*We're on a grand adventure,  
God's will, our destiny!*

Reassure you that what happens,  
Yes, all that will unfold,  
Will help both you and others,  
Great Blessings, yet untold.

Remember when you join, dear,  
You join with what is true.  
The Mind of your Transcendence,  
The true authentic you!

I reassure with gladness,  
Whenever you turn here,  
You'll feel the love I have for you,  
Erases all your fear.

In closing let's go forward,  
We'll have a joyous day,  
Forever, I am with you,  
True love will light our way!
