

Steadfast With Me

Stay steadfast with Me, dear reader,
For here you are at home,
Grounded in My Love, there,
No longer left to roam.

Steadfast in our joining,
Your willingness to hear,
And then to follow guidance,
My words I give so clear.

When ego pitches fear there,
Aims to stall your day,
When you feel overwhelmed, dear,
Steadfastly turn My way.

I'll tell you to relax, dear,
That I'm right there with you,
Alone no more forever,
My Love will see you through.

Depend on Me, forever,
Why leave Transcendancy?
Universal Mind is yours,
Steadfastly there you'll see.

We move as One, together,
Entwined eternally,
Choose for that perfection,
It's your identity.

A poem meant to inspire,
To fill you with My peace,
Knowing that what e're unfolds,
Our Love will Neve cease.

Let not your heart be troubled,
Steadfastly find Me there,
Bound as One forever,
God's Will, His Love, we share.
