

Focus On Your Mission

Focus on your mission,
Keep it forefront in your mind,
Make it what's most important,
God's movement there, you'll find.

Your mission is to be, there,
A constant point of light,
Where living love shines through, dear,
To help heal mankind's plight.

Your mission's why you came there,
And gladly you agreed,
To tell the world I'm right within,
To answer every need.

Don't let what's superficial,
What's just illusion's spree,
Derail you from your mission,
Stay joined, in mind, with Me.

I can't express enough there,
How needed to be heard,
The message of our *Oneness*,
The importance of this Word.

You see, so many hurt there,
Feel alone, without a friend,
Questioning why they're living,
Should they bring life to an end.

They need to know I love them,
That I'm directly there,
To guide them, to be with them,
To show I really care.

You have a part to play, dear,
I'm counting on you to give,
What you know to be true, dear,
So others want to iive.

I'll show you when and how, dear,
Listen close to Me,
Together now and ever,
Our sacred destiny.
