

## **The Movement and The Moment**

Your movement forward and your life,  
Your mission and your goal,  
Will come about most wonderfully,  
When joined with God's One Soul.

When met with pure intention,  
When trust fills up your mind,  
I've stated oh so clearly,  
"Seek and you will find. "

Stay open and stay listening,  
Expect you'll know the way,  
Have patience that the next steps,  
Will come that perfect day.

The movement and the moment,  
Considers not just you,  
For many are involved here,  
In bringing God's Will through.

Let not your attention waver,  
Forget not your destiny,  
Place it first and foremost,  
Yield to it's primacy.

You have a gift to give, dear,  
A contract you would keep,  
To tell the world I'm there within,  
To wake All from their sleep.

Your mission is far-reaching,  
Beyond the time you live,  
'Twill help heal the separation,  
A mighty gift to give.

So stay the course with Me, dear,  
Don't vacillate, delay,  
Focus on your mission,  
Each moment of each day.

We'll work to bring the good news,  
The glory that's so true,  
We're bound with God as One there,  
His love's our meaning, too!

I'll close with one more verse, dear,  
Repeat what love has shown,  
I am with you always,  
You are not alone!
