

Loud and Clear

Speak to me, Lord,
Make it loud and clear,
Tell me what's needed,
So plainly, I hear.

I'll heed what you say, Lord,
I'll do it each day,
Gladly, I'll follow,
You know the right way.

My mind is wide open,
Defenses are gone,
My heart's filled with Love, Lord,
I'm singing your song.

You see the big picture,
You have the whole view,
You take in the All, there,
My trust is in you.

My heart is now Yours, Lord,
Willingly, I give,
To others, Your truth there,
With You, they now live!

Let me be Your arms, Lord,
Your legs and Your hands,
Your voice — speak truth through me,
So each understands.

Understands that You're with them,
No one is left out,
That All are included,
Gone is all doubt!

Speak loud and clear, Lord,
Let God's will be done,
I'm ready and waiting,
To share, "We are ONE!"

In closing, I tell you,
In Love's joyful tone,
The Lord's with you always,
You're never alone!
