

Relax into Relationship

If I seem far away from you,
My words you cannot hear,
Do not assume that I am gone—
That I'm no longer near.

Trying hard to connect with Me,
Brings 'willfulness' into play,
This stops My words from coming
It's separation's way.

Willfulness and willingness,
A difference, "Can you see?"
Willfulness is 'you' in charge
Willingness 'yields' to Me.

Your peace within is needed,
For us to talk, relate,
'Thinking' blocks My words there—
Let ego dissipate.

If words you cannot hear, dear,
Still trust that I'm with you,
I will leave you never,
We're intertwined, it's true,

Just go about your day, dear,
Keeping Me in Mind,
As your dear companion,
And know that you will find,

My words will soon return, there,
Your peace will have been found,
I'll speak and you will listen—
No longer ego bound.

Let joy fill up your heart, dear,
Let your worry cease,
Relax into relationship,
Together, we're at peace.

In closing let Me say, there,
What you've already known,
I am with you always,
You are not alone!
